

Situation in Hunan Causes Worry in Peking

PEKING, Sept. 8.—(By the Associated Press).—A new situation which is causing the Peking government considerable uneasiness has arisen out of the invasion by Hunan troops of the province of Hupeh and, according to some observers, promises to start a general conflagration along the Yangtze.

It appears that since the mutinies in Wuchang and Ichang last month, General Chao Heng-ti, military governor of Hunan, had been urged by prominent politicians and militarists from Hupeh to dispatch troops to Hupeh to drive out General Wang Chang-yuan, high inspector-commissioner of Hunan and Hupeh, whose authority, however, never was recognized in Hunan. General Wang was one of the three super-warlords who met recently in Tientsin and imposed their will upon the Peking government, bringing about a reorganization of the cabinet.

General Wang is unpopular with the people of Hupeh and, following the success of the Cantonese over the warlord of Kwangsi, General Lu Yung-tz, the Hupeh people have taken courage to the extent of promising to supply funds and foodstuffs to the Hunan army in the event of an invasion. This friendliness apparently induced General Chao to attack, in spite of an agreement between the governors of the two provinces to maintain the peace.

The Peking government is not convinced that there has been treachery on the part of Chao, but attribute the whole trouble to intrigues by Chao's underlings. The situation is serious enough to cause concern to Chang Tso-lin, the Mukden inspector-general, who has sent "instructions" to General Wu Pei-fu to move troops into Hupeh to reinforce General Wang Chang-yuan. Marshal Chang Tso-lin also promises to send some troops to the rescue, and it is feared that if Wang Chang-yuan were allowed to fall, practically all the Yangtze provinces would line up with the southern provinces against Peking.

An element of uncertainty is injected by reason of the friendship between Wu Pei-fu and Chao-Heng-ti, but General Wang is officially reported to have warned General Chang against starting hostilities and informing him that 30,000 troops from Honan and Shantung are being concentrated at Hankow to back up Wang Chang-yuan.

Three Obstacles Are Faced by Coalition Gotham Republicans

NEW YORK, Aug. 29.—(Associated Press Mail).—Three hurdles are in the pathway of the Republican-Coalition organization in the race for the New York City mayoralty nomination on September 12.—Major F. H. La Guardia, President of the Board of Aldermen, former State Senator W. M. Bennett of Brooklyn and Judge Reuben L. Haskell of Brooklyn.

The Republicans and Coalitionists, recently unanimously agreed upon Major Henry H. Curran, President of the Borough of Manhattan, as their candidate, are confident he will surmount each barrier and that when the race is over there will be complete harmony in the quadrennial attempt to twist the tail of the Tammany tiger.

Linked with Curran, are State Senator Charles C. Lockwood of Brooklyn, candidate for Comptroller and Vincent Gilroy, candidate for the Presidency of the Board of Aldermen. Lockwood was a strong contender for the designation for mayor, but withdrew in favor of Curran at the eleventh hour. Gilroy's uncle was a Tammany mayor of New York.

Major La Guardia, a former representative in Congress, who served with the Italian air forces in the great war, a "regular" Republican, has kicked over the traces and announced his opposition to the state government interfering with city affairs. Former Senator Bennett was the man who upset Republican-Fusion plans four years ago, when he won an unexpected victory over the late Mayor John Purroy Mitchel in the primaries. Judge Haskell was elected to the Kings County bench on a "wet" platform in a spectacular campaign two years ago.

Efforts were recently made by Major La Guardia to fuse himself, Bennett and Haskell into one ticket, but the effort failed, when Bennett filed a complete ticket. All three express confidence they will obtain the nomination.

Tammany Hall has named Mayor John F. F. Hylan as a candidate to succeed himself and no opposition has appeared. The Republican-Coalition forces have directed some of their fire on Charles F. Murphy, the Tammany head, and scored him for his method of selecting a ticket.

"The time has arrived," said Gilroy, the Republican-Coalition candidate for President of the Board of Aldermen, in a recent address, "to throttle Murphy's sinister influence and get rid of an arrogant boss who can reach in his vest pocket and fish out a list to be foisted on the voters as a Democratic ticket."

Some dissatisfaction appeared in Tammany Hall when Murphy announced his designations on the ticket. Efforts have been made to organize an anti-Tammany ticket to give a place to minor officials who were left out of Murphy's slate for various reasons.

The investigation of the legislative committee, headed by Senator Schuyler M. Meyer, into Mayor Hylan's administration, coming in the heat of the pre-primary campaign, has aroused intense interest. The Mayor, who appeared as the first witness at open hearings, gave what the committee called evasive answers when questioned on the city's finances. The committee sought generally to prove that

Student Architects Scale Lotfy Pillars

ROME, Aug. 8.—(Associated Press Mail).—Students at the American Academy in Rome are required to make close studies of the masterpieces of architecture, painting and sculpture in Rome. The other day some of them were seen crawling over the Pantheon scaling the dizzy heights of the rotunda in an effort to study the forms and structure of the old Roman landmark which has stood for 2,000 years. They take their tapes and other measuring instruments and get the dimensions of these buildings and their decorations right off the work itself.

Two American neo-architects, students of the academy, attracted an enormous crowd of Romans recently by their scaling of the Trajan column. They measured every detail of the historic piece from top to bottom, copying the decoration with zealous application.

They scale the roofs of churches, ramble all over the imposing facades and nose into every nook which they think might add a little more to their knowledge of the art of the ages. Some of them have made exact reproductions in coloring and size of some of the greatest masterpieces in mural painting, mosaics and friezes.

"We find this a most efficacious method in aiding the men to get the first hand knowledge of the various masterpieces," said Assistant Director G. P. Fairbanks.

The city had exceeded the debt limit prescribed by state law and that the executive's administration was marked by incompetency. The mayor made categorical denials of the charges.

The committee will probably continue its open inquiry for several weeks.

Those reform preachers who designed the moral gown for women did a good job. Now to design a woman who will wear it.—Houston Chronicle.

Two Million Koreans in Manchuria Are Starving

TOKIO, Sept. 8.—(By the Associated Press).—Appeals for assistance for 2,000,000 Koreans who are starving in Manchuria as the result of a drought which ruined the crops during last month have been sent broadcast.

The governor-general of Korea has appropriated yen 1,800,000 for the relief of the Korean immigrants in Manchuria for the next fiscal year, but more than 2,000,000 are confronted with starvation and are in the most urgent need of food, the newspapers say.

Most of the Koreans affected are living in the region of Mukden. In this neighborhood there are about 42 villages exclusively inhabited by the Koreans, although some of the inhabitants may be ex-convicts or refugees who are supporting the independence movement. A majority of them emigrated to Manchuria to obtain arable land or are engaged as tenant farmers of Chinese landowners. They have had no crops in the past two years, and those who had seeds reserved for this year are suffering from damages inflicted by frost in the past month.

GOVERNOR BAKER DIES

HILLO, Sept. 7.—Former Governor John Baker of the Island of Hawaii is dead after a lingering illness. He was governor of this island under the monarchy. A man of splendid physique, the statue of Kamehameha in front of the Judiciary building in Honolulu was modeled after his figure.

TRAIN IS ROBBED

TEXARKANA, Tex., Sept. 7.—Four masked men held up a train and looted the mail car a few miles from here last night.
